4 WAYS

to be an Anti-Trafficking Parish

Host presentations on Human Sex Trafficking ...

with Franciscan Peacemakers Staff, Board and/or Associates.

Why is this important?

- Trafficking affects every county in Wisconsin; your parishioners are affected.
- Educating people on the topic is an important step in both prevention (reducing demand as well as helping people stay alert to signs of trafficking) and in serving people who are affected.
- Pope Francis calls human trafficking “a crime against humanity” and that working for an end to trafficking upholds the Catholic Social Teaching tenets of Dignity of the Human Person.

What programs does Franciscan Peacemakers offer?

- *Overview of Human Sex Trafficking in Southeastern Wisconsin*
- *Social Media Intervention* (for middle school and high schoolers and their parents/guardians)
- *Signs of Trafficking and Intervention*
